This type produces a large double, resembling a carnation in form. The petals are frilled and have serrated edges. We are unable to supply this type in apricot this season.

CRISPA OR SINGLE FRILLED

Produces large profusely frilled and ruffled single flowers. We recommend this type in place of the old-fashioned Single.

Crispa Begonia

HANGING BASKET OR LLOYDII

PENDULA FL. PL.

This is the Pendula or Lloydii type. It is an unsurpassed strain containing double flowers only. Often hundreds of blossoms to a bulb. Excellent for rock garden work.

CRISTATA OR BEARDED TYPE

A single type, slightly frilled, a coxcomb-like tuft or crest is borne on each petal. A very novel form of the tuberous rooted begonia. Mixed colors only.

MARGINATA

A two-toned crisper type flower, available in two combinations--white with pink edge, and salmon with scarlet edge.

MARMORATA

This is a camellia type blossom producing a mottled rose and white blossom.
